Hai,hari ini  
adalah hari  
pertamaku di  
sekolah!!

Aku merasa  
senang sekali  
karena bukan  
hanya aku yang  
pergi sekolah  
tapi ibuku pun  
pergi sekolah!

Kami bertemu dengan teman-teman baru  
dan tentunya mendapatkan hal-hal yang  
baru pula.

Ketika ibu mengerjakan pekerjaan rumahnya,  
aku pun mengerjakan pekerjaan rumahku.

# Ketika aku tertidur...

ibu  
mengerjakan  
tugasnya di  
komputer.

Aku sangat  
bangga dengan  
ibuku dan  
diriku -

kami berdua  
senang belajar!

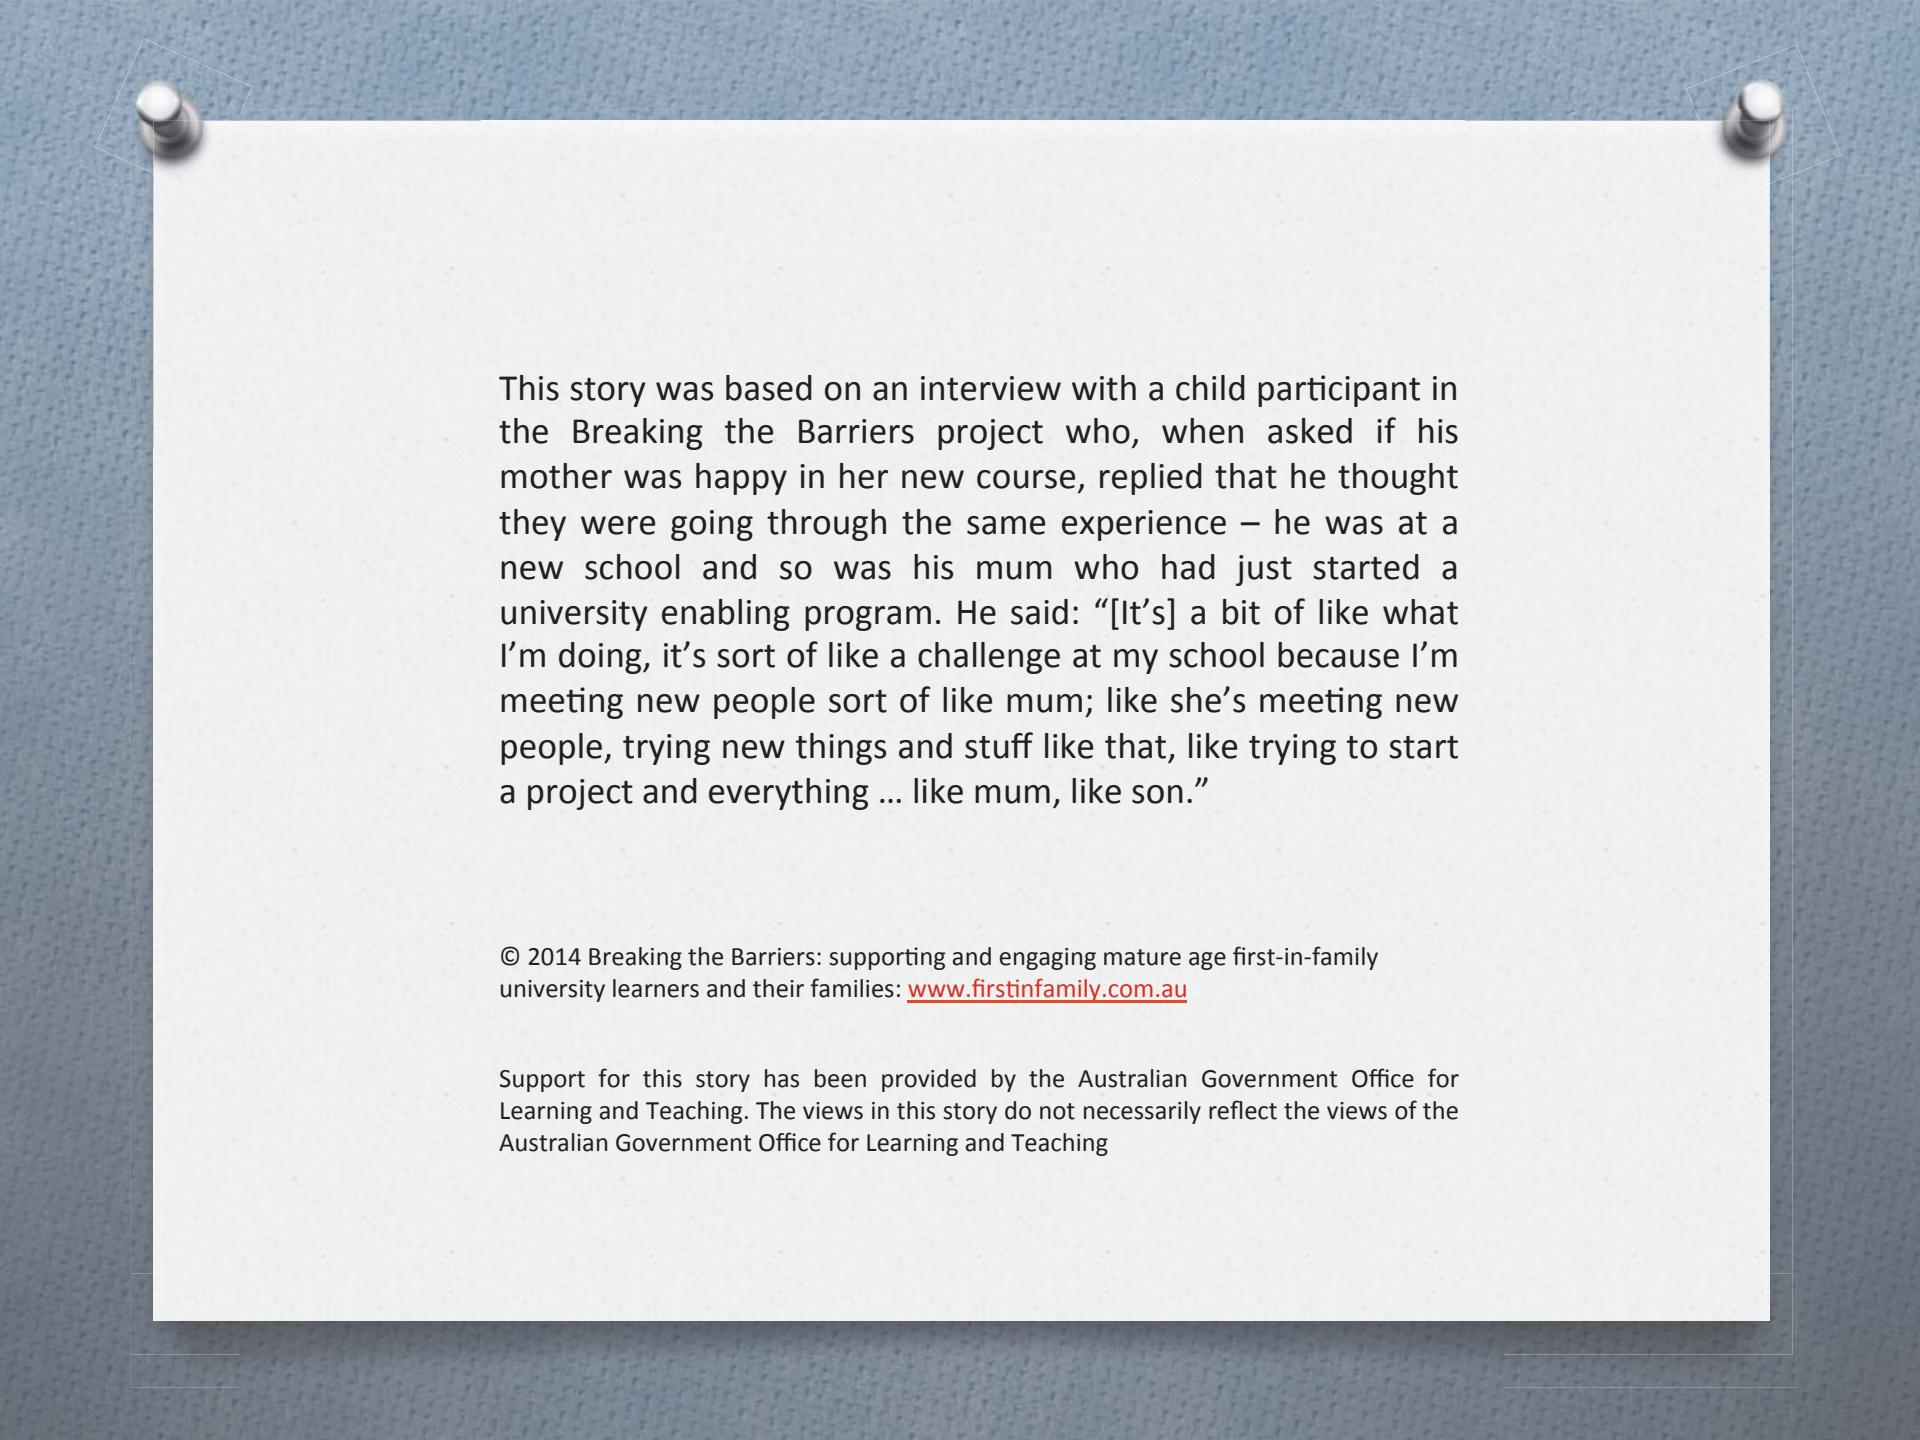

Suatu hari nanti aku pun akan belajar  
di universitas dan melakukan persis  
seperti yang ibu aku lakukan!

A hand-drawn rainbow arc is drawn on a white rectangular card. The rainbow is composed of several curved lines in various colors, including red, orange, yellow, green, blue, and purple. The card is pinned to a light blue textured surface with two pushpins, one in the top left and one in the top right corner. The text "Selesai." is centered on the card.

Selesai.

This story was based on an interview with a child participant in the Breaking the Barriers project who, when asked if his mother was happy in her new course, replied that he thought they were going through the same experience – he was at a new school and so was his mum who had just started a university enabling program. He said: “[It’s] a bit of like what I’m doing, it’s sort of like a challenge at my school because I’m meeting new people sort of like mum; like she’s meeting new people, trying new things and stuff like that, like trying to start a project and everything ... like mum, like son.”
